Mirror, mirror on the wall...

One just couldn't decide who was the most beautiful: for several hours today the Ballet Room of the Freiburger Turnerschaft was turned into a beauty salon... Shortly before the Opening Ceremony the room was dazzling and buzzing with styling accessories, costumes, make up paraphernalia und excited anticipating participants.

Within 3 hours, all roller figure skaters participating in the Opening Ceremony had to be completely dolled up, meaning a respectable 80 times hair styling, make up, dressing, dabbing on glitter gel. Amidst the swarm, the make-up and braiding helpers remain very calm: "I have no idea how many braids I've braided today and we're running a bit late, but everything always works out in the end!"

Now there's nothing in the way of a fantastic Opening Ceremony!
